Zebra OneCare™

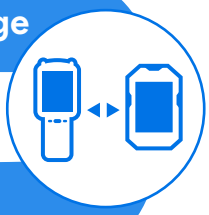

Keeping Your Technology Running While You Run Your Business

The right support makes a big difference. Zebra OneCare™ engineers are qualified, knowledgeable staff with access to Zebra's IP and resources.

1 OEM Service

2 Reliable coverage

Comprehensive coverage for the latest security patches and OS updates, and for accidental damage.

Downtime is costly. Zebra OneCare™ SLAs deliver the service you need when devices or technology are compromised.

3 Support when things go wrong

4 Cost certainty you can trust

Avoid unbudgeted, ad hoc repairs. For example, a 3-Year Essential Zebra OneCare™ Service contract costs less than one unplanned repair.

Choose the best plan for your business and maximize the 'Total Advantage of Ownership' of your Zebra technology.

5 Right plan

6 Maximize your ROI faster

Zebra OneCare keeps your teams up, running and productive by optimizing device performance.

As part of our commitment to the circular economy, we buy back devices that meet certain criteria.

7 Device end-of-life options

Zebra OneCare™ : we keep the technology working so you can focus on running your business

ZEBRA

Zebra OneCare™

OEM Service Makes Good Business Sense

You've invested in business-critical Zebra devices, but who's looking after them?

With Zebra OneCare™, get all your support from trained engineers and make sure updates and security patches are authorized. If your mobile computers, tablets and mobile printers are critical to operations and productivity, investing in a reliable support structure makes sense.

A 3-Year Essential Zebra OneCare™ Service contract costs less than a single Per Incident Repair (PIR).

PIR has no SLA, as it works purely on a “first come, first served” basis. Zebra OneCare™ is designed to minimize disruption to your business by keeping devices healthy and up and running. Just a few of the benefits:

- **Access to the latest security patches and updates**
- **Remote device diagnostics and technical support**
- **Defined target turnaround times for device repair**

Talk to your Zebra partner about Zebra OneCare™ today.

In this blog, Zebra Technologies Senior Service Portfolio Manager **Jim Bajzath** explains why operational foresight is the best protection plan for your mobile devices, barcode scanners and printers.
